

Return Policy

Effective: June 5, 2026 designflare.de

At DesignFlare, we stand behind the quality of our coded templates and digital products. This Return Policy explains your options if a purchase does not meet your expectations. Please read this policy carefully before completing a purchase.

1. Digital Product Nature

All products sold by DesignFlare are intangible digital goods delivered electronically via email. Once license credentials, download links, or source files have been delivered, the product is considered fulfilled. Because digital assets cannot be "returned" in the traditional sense, our policy balances customer satisfaction with the nature of instant digital delivery.

2. 14-Day Satisfaction Guarantee

We offer a **14-day money-back guarantee** from the date of purchase. If you are not satisfied with your purchase, you may request a full refund within fourteen (14) calendar days of the original transaction date, provided the conditions below are met.

3. Refund Eligibility

You may be eligible for a refund if:

- Your request is submitted within 14 days of purchase
- The product files were not downloaded, accessed, or deployed in a production environment (where verifiable)
- You did not violate our Terms of Service or EULA, including redistribution of source files
- The product was purchased directly through DesignFlare or an authorized payment channel

Refunds are granted at our discretion when delivery failures, duplicate charges, or technical issues prevent you from accessing the product we sold.

4. Non-Refundable Situations

Refunds may be denied when:

- The 14-day window has expired
- You have already downloaded, deployed, or extensively used the product
- You purchased the wrong package due to buyer error after successful delivery
- You violated licensing terms by sharing, reselling, or redistributing source files
- A chargeback was initiated without first contacting our support team

5. How to Request a Refund

To initiate a return or refund request:

1. Email contact@designflare.de within 14 days of your purchase date
2. Include your order number, billing email, and purchase date
3. Briefly describe the reason for your request

Our team will review your request and respond within 2–3 business days. Approved refunds are processed to the original payment method used at checkout. Processing times may vary depending on your bank or payment provider (typically 5–10 business days).

6. Exchanges & Package Upgrades

If you purchased the wrong tier or wish to upgrade to a higher package, contact us at contact@designflare.de. We will work with you on a fair solution, which may include a partial credit or upgrade path depending on your usage and the price difference.

7. Delivery Issues

If you did not receive your license credentials or download link within 24 hours of payment:

- Check your spam, junk, promotions, and updates folders
- Verify the email address submitted at checkout
- Contact contact@designflare.de with your billing details for manual resend

We will resend delivery at no additional charge. This does not automatically qualify for a refund unless the product cannot be delivered after reasonable support efforts.

8. Chargebacks

We encourage you to contact us before initiating a chargeback or payment dispute. Unauthorized chargebacks for successfully delivered digital products may result in license revocation and restriction of future purchases.

9. Contact

For return and refund inquiries, contact Ayoub Esadik at contact@designflare.de or +212 637 338 555.
